My Escape (2013)

Ravenscode

Would you help me find a new way
Would you guide me through all of this again
Don't let me slip away
I need you here till the very endSo stay here with me
There's so much love in your smile
When I look at your face
And I'm here to stay
You're my first and my last love
And you're my escapeSo tell me you'll be right here with me
Hearing your voice is like hearing an angel sing
Through the good and bad and all in between
You're the one I want and the one I need
And I knowYou taught me to live each day
To live each day like it's my last
I won't make you turn away
So come with me and never look backAfter all that we've been through
You are still by my side and I'm grateful you're there
And I, I love you
You're my best friend and I want you to know I careSo tell me you'll be right here with me
Hearing your voice is like hearing an angel sing
Through the good and bad and all in between
You're the one I want and the one I need
And I knowSo this is how we planned it
Knowing that we won't be alone
And this is how it's supposed to be
When I knew it all alongSo tell me you'll be right here with me
Hearing your voice is like hearing an angel sing
Through the good and bad and all in between
You're the one I want and the one I need
And I knowSo tell me you'll be right here with me
Hearing your voice is like hearing an angel sing
Through the good and bad and all in between
You're the one I want and the one I need
And I know
