Trapped Inside the Moment

Callalily

Years have passed oh
I?m sure we had a blast
We?ve been through bridges
We?ve been through walls.
We survived, we survived it all.
I know you?re innocent.
We all know it was an accident.
Things happened in a mile
But I?m sure behind those pillows hide our little smiles.

Chorus:
Don?t ask me how,
Don?t ask me why
Just sit beside the tree below that pretty sky
Don?t ask me how
Don?t ask me why
As long as we?ve alive, we?ll share

Intro:
You?ve been with my brothers.
Everywhere I go
We?ll swim the rivers that?ll I never stop to flow
You cry, I cry
You die I die

Chorus:
Will shine
Will shine
