Decimator

Strapping Young Lad

Penetrate and desecrate my soul,
Penetrate and decimate them all.God have you akways been listening to me?
Hell has a way with the prose,
Give me the strength,
Give me the strength now to know.Penetrate and domonstrate your calling,
Every word and every know and everything at all.God hasn't always been listening to me,
Hell as a way with the prose,
Give me the strength,
Give me the strength now to chooseOh, it's in your nature to fear,
Fearing the cracks in the earthSYL, SYL, SYL, SYL.YES! It's in your nature to fear,
Fearing the cracks in the earth,
Oh god, it's human nature to fear
Fearing the cracks, fearing the cracks in the earth.I.
