

Beautiful Thing

Sister Hazel

Well, I'll follow you wherever when you lead me by my nose on
Another big adventure, I suppose
Then you lay me down in clover with their petals on my back
I should make some time, do more things like that Won't you sing to me your poetry?
Won't you take me to your home?
Won't you be for me forever?
So I'll never be alone
Just one thing
If you're my Queen
It's a beautiful thing
(Yeah, la la la la la la)
It's a beautiful thing
(Yeah yeah yeah) Well, I'm buried in my bedroom under fourteen feet of clothes
I could drown in all this clutter, I suppose
But then you're standin' in my doorway with a suitcase on your back
And it blows my mind when you do things like that Won't you sing to me your poetry?
Won't you take me to your home?
Won't you be for me forever?
So I'll never be alone
Just one thing
If you're my Queen
It's a beautiful thing
(Yeah, la la la la la la)
It's a beautiful thing
(Yeah, la la la la la la)
It's a beautiful thing
(Yeah yeah yeah) Yeah, remindin' me
Well, I might be poor
But summer's free for me
I didn't know I was sleepin' Won't you sing to me your poetry?
Won't you take me to your home?
Won't you be for me forever?
So I'll never be alone
Just one thing
If you're my Queen
It's a beautiful thing
(Yeah, la la la la la la)
It's a beautiful thing
(Yeah, la la la la la la)

It's a beautiful thing
(Yeah, la la la la la la)
It's a beautiful thing
(Yeah yeah yeah)
