

Thorns

[Alex G](#)

What
Would I like
This thing
It haunts me like a shadow
Never lets me go
He was lost I knew how lost
I knew my way
Oh how I played him
Dance
Dirty man
You dance
I'm what you've been missing
Between the fort and you
Twist until your itching
Beg me to come through
Now he goes part of a whole
Puppet of mine
Where will they find me
