

# To Repel Ghosts

## Manic Street Preachers

When the disappearing begins  
The ghosts we kept within  
Can break free from inside  
And untie our blindfold eyes To repel ghosts  
To repel ghosts  
To repel ghosts  
To repel ghosts So, when the ghosts find you  
Be careful, but be graceful  
For all will be revealed  
When ghosts become set free A soul in pain  
Has no image to reclaim  
To repel ghosts  
To repel ghosts A soul in pain  
Has no image to reclaim  
To repel ghosts  
To repel ghosts Build bridges and not roads  
Make love, make hate, make war A soul in pain  
Has no image to reclaim  
To repel ghosts  
To repel ghosts A soul in pain  
Has no image to reclaim  
To repel ghosts  
To repel ghosts
