Violent

Argyle Park

Clouds are gathering above
Earth is shattering beneath
Wielded weapon you called love
Has left a scar on meYou made me ViolentRain is mixed with blood
Sweat of brow stings eyes
All has perished in the flood
Of your deceptive liesI've taken what you've told me
I'm ready to apply
Liars can't be trusted
But who doesn't lie(samples)'It's healthy for you to express your anger."IT'S COMING!!' - Alien 3(top)
