

Above You, Below Me

Badly Drawn Boy

Don't wanna give, don't wanna steal
Don't wanna be anything I'm not
You take answers, I give questions
Like some rolling monologue Wanna be the one to say
That today could be the day
A pity to believe in what
You know is what you know I will take you as you are
Please accept me as I am
Find your lonely life design
Know it's above you, I know it's below me Don't wanna live life in your shoes, I don't feel
I know the way, feeling you, giving me directions I don't need
Up and up and round we go, first it's fast and then we're slow
Could you connect with my intellect I won't take you as you are
Please don't take me as I am
Find your lonely life bizarre
You'll see this in love, you'll see this in life For an all year round reception
For a love with no connection
Knowing you, knowing my
Ignorance to more than life Know it's above you, I know it's below me I will take you as you are
Please accept me as I am
Find your lonely life bizarre
Know it's above you, I know it's below me I will take you as you are
Please accept me as I am
There'll be something in the wind
To show us we're right and tell us we're wrong I want to move on
