Above You, Below Me

Badly Drawn Boy

Don't wanna give, don't wanna steal

Don't wanna be anything I'm not

You take answers, I give questions

Like some rolling monologueWanna be the one to say

That today could be the day

A pity to believe in what

You know is what you know I will take you as you are

Please accept me as I am

Find your lonely life design

Know it's above you, I know it's below meDon't wanna live life in your shoes, I don't feel

I know the way, feeling you, giving me directions I don't need

Up and up and round we go, first it's fast and then we're slow

Could you connect with my intellectI won't take you as you are

Please don't take me as I am

Find your lonely life bizarre

You'll see this in love, you'll see this in lifeFor an all year round reception

For a love with no connection

Knowing you, knowing my

Ignorance to more than lifeKnow it's above you, I know it's below meI will take you as you are

Please accept me as I am

Find your lonely life bizarre

Know it's above you, I know it's below meI will take you as you are

Please accept me as I am

There'll be something in the wind

To show us we're right and tell us we're wrongI want to move on
