

Prettiest World

Daniel Norgren

It's not the prettiest world
The prettiest world
The prettiest world you'll see
It's not the prettiest world
Or the most wanted
But it's pretty enough for me Well you may think I look sad
Like a rusty old car
Broke down by the side off the road
But I'm just resting my head
Upon God's green grass bed
And I paid my car stood as low It's not the prettiest world
The prettiest world
The prettiest world you'll see
It's not the prettiest world
Or the most wanted
But it's pretty enough for me And you may think I look bored
Tired and out
Like a creek, an old tree without fruit
But I dont want to brag
I got beer in my bag
And I'm wearing a new pair of boots It's not the prettiest world
The prettiest world
The prettiest world you'll see
It's not the prettiest world
Or the most wanted
But it's pretty enough for me And you may say that I'm cursed
Looking like this
Sneaking around in your park
If I saw through your walls
God save my soul
I bet I will see a bunch of sad hearts It's not the prettiest world
The prettiest world
The prettiest world you'll see
It's not the prettiest world
Or the most wanted
But it's pretty enough for me
