Fireproof

Mitski

Here's a chance to show you how I feel
A chance for you to see it's real
To see just what I feel inside
And who it is that's by my sideI will never change my mind
Try to torch me and you'll find
You can't turn me or deter me
No matter how you try
You can't burn meI know where I stand
And what'll happen if you try it
I am fireproof
I know my heart and I just can't deny it
I am fireproofI tried to tell you but you wouldn't be quiet
I am fireproof
I'll never bow down and you won't buy it
I am fireproofNow you know what I'm all about
There's no chance I'll ever doubt
The only one who can control me
I extol the AlmightyYou want me to put it on the line
And give yield to you this time
See but I won't compromise and I realize
It's my time to rise
It's my time to riseI know where I stand
And what'll happen if you try it
I am fireproof
I know my heart and I just can't deny it
I am fireproofI tried to tell you but you wouldn't be quiet
I am fireproof
I'll never bow down and you won't buy it
I am fireproofYou'll never take me in the fire
You'll never take my own desire
You'll never take me in the fire
You'll never take my own desireI know where I stand
And what'll happen if you try it
I am fireproof
I know my heart and I just can't deny it
I am fireproofI tried to tell you but you wouldn't be quiet
I am fireproof
I'll never bow down and you won't buy it
I am fireproofI know where I stand

And what'll happen if you try it
I am fireproof
I know my heart and I just can't deny it
I am fireproofI tried to tell you but you wouldn't be quiet
I am fireproof
I'll never bow down and you won't buy it
I am fireproof
