

Baby Ain't Mine

Cam'ron

That baby ain't mine,
Bitch you're wasting your time
Ain't got my lips on my eyes
All we had that night was just a good time, oh
That baby ain't mine
Bitch you're wasting your time
And mines
Ain't got my lips on my eyes
All we had that night was just a good time, oh That bullshit, all they gossiping
Each stopping me, I need some oxygen
I ain't Stevie Jay, you ain't Jocelyn
You can suck my dick through the glory hole
That could be your glory, hoe
The Mory show, fuck you and Mory
I'm killer Cam and the story hoe
That baby he got Caddie eyes, he do
Rack here, he saved the placks, yo
Got ass here, who you forming on
I drill you get my forming on
Only thing me and Shawty got in common
While we both got Jordans on That baby ain't mine
Bitch you're wasting your time
Ain't got my lips on my eyes
All we had that night was just a good time, oh
That baby ain't mine,
Bitch you're wasting your time
And mines
Ain't got my lips on my eyes
All we had that night was just a good time, oh I want medium rare, stuck in and out
Then put a hat on, so what's the shit that you done talking about
The shit I do I wonder
Saw my kids in the rubber
But still in all you made the call
To fuck a nigga whole summer oh
Suspect, no respect, fall off and hit your next
So what's next cause I be damned
If I pay the bill for some blood test oh
Saw that ass, call the glass
Shovel on you fast, should've let you pass That baby ain't mine

Bitch you're wasting your time
Ain't got my lips on my eyes
All we had that night was just a good time, oh
That baby ain't mine
Bitch you're wasting your time
And mines
Ain't got my lips on my eyes
All we had that night was just a good time, ohOho, that baby ain't mine, oho
That baby ain't mine, That baby ain't mine
Bitch you're wasting your time
Ain't got my lips on my eyes
All we had that night was just a good time, oh
That baby ain't mine
Bitch you're wasting your time
And mines
Ain't got my lips on my eyes
All we had that night was just a good time, oh
