

# Over the Top

[Stacy Lattisaw](#)

first sighting, so inviting  
pin me back against the wall  
it can happen in a moment  
that is only trips to fall  
you fixed me, love tricks me  
I can understand it all  
it's our magic, so tragic  
how can I refuse the call  
when you know you've got it all  
when I look in your eyes,  
I think I'm going under  
come on, take me over the top  
with each beat of my heart  
the lightning turns to thunder  
ooh ooh, take me over the top you shake me, I am taken  
hooked on every word you say  
'cause I promised myself  
I will never, ever let it get this way  
so entice me, surprise me  
let me see what you reserve  
so far so good, I can taste it coming  
now I know what I deserve  
and I know just what is worth  
when your lips meet mine,  
I can feel the flame way down inside  
I can't explain what this really is  
I can't describe ohhh, take me, yeah
