

The Balcony Scene

Pierce The Veil

Don't react when I tell you
Don't react when I tell you
That bright lights mean nothing to you
Because no one would know
The sound of a ghost
And I might be something to you Beyond beautiful
Is the sound of a ghost
Can we lose our minds
And call it love for the last time
My darling never rest
Until the darker gets
The best of all we had
Can the cold carry on When the light means nothing to you
Then no one would know
The sound of a ghost
And I might be perfect with you
But no one would know
So tell me, tell me Have you ever really danced on the edge
Is something still scaring you
Have you ever really danced on the edge
The count of three is up
Have you ever really danced on the edge
Alright then tell me so
Have you ever really danced on the edge
Just hold my hand and jump
And bright lights mean nothing to you
Because no one would know
