

Out Do Ya

Gucci Mane

If I ain't a millionaire then my lil boy can grow a pussy
If Guwop ain't bout his business then Popeye must be a sissy
And if you ain't getting money I don't wanna talk to ya
Cause how you let a nigga in the feds out do you
I'm not politically correct cause bitch I ain't no politician
I can't hang round none of you niggas cause you niggas might be snitchin'
But I ain't gotta deal with you, I ain't eat with you
How you bitches let these bogus ass niggas sleep with you
I can't live with you lay with you, take that pussy with you
I can't put up with you, play with you, I ain't got free dick to give you
They tried to cool with ya chill with ya take no pictures
What the fuck I look like standing by you police ass niggas
How you let a nigga in the feds out do you
How you let a nigga in the feds out do you
How you let a nigga in the feds out do you
How you let a nigga in the feds out do you
How you let a nigga in the feds out do you
Your pockets in the red and I don't wanna talk to you
How you let a nigga in the feds out do you
I'm laughing to myself cause these rappers so broke
They sold no dope they don't want no smoke
How they let a nigga in the feds out do em
I ain't got no rap I let my chopper talk to em
A nigga need me, I don't need no nigga
I'm the shooter and the boss I don't need no killer
The money that he make don't make me richer
I'm the slickest nigga walkin' I don't need no feature
Sittin on the hood of my brand new Bentley
Old neighborhood with some brand new jewelry
Big diamond rings like a old school preacher
Bitch let a nigga out the feds come beat ya
How you let a nigga in the feds out do you
How you let a nigga in the feds out do you
How you let a nigga in the feds out do you
How you let a nigga in the feds
How you let a nigga in the feds out do you
Your pockets in the red and I don't wanna talk to you
How you let a nigga in the feds out do you
