

# Peace My Soul

## Dead Horses

Push it back  
Back into the ground  
I've been waiting for so long  
Seeds I've sown, songs I've sung  
I've been waiting for so long

Peace oh peace my soul  
Last spring I planted seeds of hope  
Peace oh peace my soul  
Been waiting for them to grow

Months have passed, so have friends  
I'm not ready....  
Hell she said, he'll it's been  
I'm not ready for the end

Peace oh peace my soul  
Last spring I planted seeds of hope  
Peace oh peace my soul  
Been waiting for them to grow

I. Last goodbye  
I will not close my eyes to the truth  
Birds and bees and life on trees  
All those coming to me in my sleep  
It's been a long winter  
It's been a long winter  
It's been a long winter without you
