

# River Road

Ellis Paul

There's Golden Moon Rise'n in the fields  
Scarecrow highway, back roads  
I'm lost on empty and hungry for a meal  
And the taste of a day not wastedWhen I'm down I let my wheels roll around  
I come run'n to you and I roll my windows down  
Like to know how it feels to trade your wings in on some wheels  
Come with me and we'll take a ride, stick your hand out the passengers side  
Down the river road, clear water flows  
Down on the river road, it's where I want to go  
Down the river roadThere's a moth in the porch light, a curtained window pain  
You're eyes in the screen door they tell me  
You step out in the night air, call me by name  
The crickets cry they're alibis come run with meStep out  
Let the wheels roll around  
I'll come runn'n to you and I roll my windows down  
Like to know how it feels to trade your wings in on some wheels  
Come with me and we'll take a ride,  
Stick your hand out the passengers side  
Down the river road, clear what flows,  
Down on the river road  
It's where I want to go  
Down the River Road
