# Johnny and June

## Sinners

Oh, there's somethin 'bout a man in black
Makes me wanna buy a Cadillac
Throw the top back
And roll down to Jackson townI wanna be there on the stage with you
You and I could be the next rage to
Hear the crowd roar, make 'em want more
And the kick the footlights outI wanna love like Johnny and June
Rings of fire burnin' with you
I wanna walk the line, walk the line
Till the end of timeI wanna love, love ya that much
Cash it all in, give it all up
And when you're gone I wanna go too
Like Johnny and JuneI wanna hold you baby, right or wrong
Build a world around a country song
Pray a sweet prayer, follow you there
Down in historyI wanna love like Johnny and June
Rings of fire burnin' with you
I wanna walk the line, walk the line
Till the end of timeI wanna love, love ya that much
Cash it all in, give it all up
When you're gone I wanna go too
Like Johnny and June, like Johnny and JuneMore than life itself, no one else
This endless promise
They don't make love like that anymore
Is that too much to be askin' for?I wanna love like Johnny and June
Rings of fire burnin' with you
I wanna walk the line, walk the line
Till the end of timeI wanna love, love ya that much
Cash it all in, give it all up
When you're gone I wanna go too
Like Johnny and June, like Johnny and JuneAnd when we're gone there'll be no tears to cry
Only memories of our lives
They'll remember, remember
A love like that
