

Wanna Be Rich

Hinder

America, this is where your dreams will come true
Act like a bitch, and you'll probably get your face on the tube

America, when you gonna try something new?
America, this is where your dreams will come true
Act like a slut, and all the kids will look up to you
America, where TMZ's considered the news

Chorus:

We just wanna be rich, wanna drown in my money
We don't gotta look good, we don't have to be funny
I won't do a damn thing, put my face on this TV
And I'll be the joke

We just wanna be rich, have a tub full of champagne
A black credit card, that's wearing my last name
I just wanna be rich, I'll star in a porn, and a reality show.
America, there's probably a contest for you
We'll make you famous, while we're making fun of ya too
America, I don't think you're getting the clue

Chorus:

We just wanna be rich, wanna drown in my money
We don't gotta look good, we don't have to be funny
I won't do a damn thing, put my face on this TV

And I'll be the joke

We just wanna be rich, have a tub full of champagne
A black credit card, that's wearing my last name
I just wanna be rich, I'll star in a porn, and a reality show.

Dance for the money

Shake your ass for some dollar bills
Shake your ass for some money
Show me the money, money, money

Whoa, whoa

Show me the money, money, money

Chorus:

We just wanna be rich, wanna drown in my money
We don't gotta look good, we don't have to be funny
I won't do a damn thing, put my face on this TV
And I'll be the joke

We just wanna be rich, have a tub full of champagne
A black credit card, that's wearing my last name

I just wanna be rich, I'll star in a porn, and a reality show.
America, there's probably a contest for you
We'll make you famous, while we're making fun of ya too
America, I don't think you're getting the clue
Wake the fuck up
