

Feed the Wolf

Breaking Benjamin

[Verse 1]

I can feel the animal within
I chain the beast crawling inside myself
I hear the call of violence
I sleep no more and I can't
I've lost it all[Chorus]
Carry me through this world of lies
I feel no more, the suffering
Bury me in this cold light
I feed the wolf, and shed my skin

[Verse 2]

I can see the devil closing in
I choke the breath that dies to cry for help
I feel the pull of gravity
I bleed no more, and rise again
I've lost it all[Chorus]
Carry me through this world of lies
I feel no more, the suffering
Bury me in this cold light
I feed the wolf, and shed my skin[TRANSMISSION]
It's no longer human, it's a beast, a merciful, ferocious, fearless
You're a madman
Tampering with nature
Every man's ambitions

[Chorus]

Carry me through this world of lies
I feel no more, the suffering
Bury me in this cold light
I feed the wolf, and shed my skinCarry me through this world of lies
(Fight the animal)
I feel no more, the suffering
(Fight the animal)
Bury me in this cold light
(Fight the animal)
I feed the wolf, and shed my skin
