

# Feel

## Zach Schimpf

it fell from the sky  
but you know what it is  
it's all around you  
you just don't know what it is

you feel the cold wind pushing  
you feel your old skin shedding  
you feel the new day coming  
you feel the new day coming

you're fishing through the darkness  
hoping something's there  
someone cleared it all out  
you just won't know what it was

you're fishing through the darkness  
(you feel your cold skin cracking)  
hoping something's there  
(you feel the earth keep spinning)  
someone cleared it all out  
(you feel the new day coming)  
you just won't know what it was  
(you feel the new day coming)

you're fishing through the darkness  
(you feel your practice drying)  
hoping something's there  
(you feel the sky collapsing)  
someone cleared it all out  
(you feel the new day coming)  
you just won't know what it was  
(you feel the new day coming)

(unsure really of what he's saying at ""practice"" - i guess)
