

# No Reason For You

## Kutiman

I am the last of me  
You aint never seen the last of me

I am the spiritual one  
Here to guide the wondering ones

Can't you see?  
No reason for you to be worried  
Just be free  
Your freedom will lead you to glory

Life seem to pass you by  
They don't even stop and ask you why  
Send signs you don't understand  
How to start and live again

People seem to treat you wrong  
Trust yourself it won't be long  
Time will show you ways to live

Don't you fall or feel despair  
Don't you say it isn't fare  
Let the darkness come a light  
Days are here to follow nights

Know that what I say is true  
It don't matter what you do  
You are the last of you

Can't you see?  
No reason for you to be worried  
Just be free  
Your freedom will lead you to glory
