

# As the Dragonfly Flies

## The Icicle Works

As the dragonfly flies, as the flowers rise  
As the sleeping streets of azure bend the fool  
As the willow weeps, as the lizard peeps  
Down tepid streams with dreams of passing through

You are what you are  
You are what you are  
You are what you are  
You are what you are

As the hope expires, as the land conspires  
As the lily-pads drift softly through a night  
In the musty halls, where invention calls  
With the voice of indecision filling fright

You are what you are  
You are what you are  
You are what you are  
You are what you know you are

Watch it, feel it, hold me, thrill me  
Give it, take it  
As the dragonfly flies

You are what you are  
You are what you are  
You are what you are  
You are what you are

You are what you are  
You are what you are  
You are what you are  
You are what you know you are

You are what you are  
What you know you are  
You are what you are  
You are what you know you are

You are what you are

What you know you are  
You are what you are  
You are what you know you are
