## Neon Indian

It's been at least another year  
And still I haven't got the chance to say  
Always rolling off the tongue Never said but nearly sung about a million ways  
Every photograph and story  
Trickled through the lengthy web of friends I overthought but understood  
Distant look but looking good  
And not the other way  
But you, you fail to remember  
You, you fail to remember Do I still cross your mind?  
Your face still distorts the time Do I still cross your mind?  
Your face still distorts the time With heat struck afternoons long through  
Those idle dreams go back to you The echo seems somewhat displaced  
Every form that's on her face, I'm drifting off to Motivate flirtation  
The rest was made of constellations that I saw  
Was this only in my head?  
Just like most things go misread  
When overthought But you, you fail to remember  
Do I still cross your mind?  
Your face still distorts the time
