## 28 Days

right, thats all it is right  
two eight days in the mother fucking house  
you know you get fresh within the stomach without  
its like D.O.P.E and my name is Jay  
but you can call me super yeah 28 Days  
your fired up getting busy get your head pumping  
right in the fucking house and the crowd is like thumping  
melt a little wax and now that is a fact  
and you know I get fatter I don't ya think  
I would know thatthat's all it is right  
his name is herbert now be don't be so wacked  
he'll try to come on till his mad at his axe  
on his bass as he kicks it till he fucks up the mix  
triple the help with a funky bass richer  
or we got the fat part on drums and you know it  
if there's a cover up so that you know he will throw it •  
if there's a hook up you know that he'll fold  
his a bottle with a fat axe I know he won't blow it  
right, that's all it is right  
were crew 2 8 D A Y S  
crew 2 8 D A Y S  
crew 2 8 D A Y S
