By Myself

Tiffany (Girls' Generation)

Eh, yo, yo yo
This is Ying Yang Twins
With a ghetto public service announcement
Red light, red light
Stay by yourself, by yourself
Smoke by myself, drink by myself
Fuck the hoes by my goddamn self
For real by my goddamn self
For real by my goddamn self
Smoke by myself, drink by myself
Fuck the hoes by my goddamn self
For real by my goddamn self
For real by my goddamn self
Nigga dwell on it, can't he, so tell on me
Got my bitch all at the crib, try to smell on a nigga
Wanna stay around him but when I'm sitting on the couch
She keep me saying, "Auh" 'cuz she grabbin' on my crouch
Now I already know, thinking to myself what the fuck somebody told
Had to have been one little nigga that I showed
Some shit that they never should have seen, anyhow
All hell nigga hatin' on me now
Smokin' on my weed, steady drinkin' on my beer
Hell now, nigga get the fuck up out of here
Can't hold one so you can't hold your tongue
Nigga lips smackin' like she chew bubble gum
Tell her where I been, what I did, who I'm with
Said, he see me with two bitches
That's when I said it, I gotta stay the fuck away from he
I'ma
Smoke by myself, drink by myself
Fuck the hoes by my goddamn self
For real by my goddamn self
For real by my goddamn self
Smoke by myself, drink by myself
Fuck the hoes by my goddamn self
For real by my goddamn self
For real by my goddamn self
Smokin' weed by myself, drinkin' Henn by myself
Fuckin' hoes by myself, I fuss with nobody else

Now red light, child started a fight
Just talking all about us and whilin', it's alright
I hate when my brothers fuckin' up undercovas
Shorty, did I stutter? Go get another rubba
Shorty is shakin' like blubba, shorty that want me to cut her
Too many niggas in the house, time to get out
I get freaky in the back while you play at your work
I'm hitting the fat monkey and damn your girl chunky
Haven't seen what I've been, I'm drinkin' all alone
On the phone with my B L U N T 'course every day
I white out, acamo, Philly, or Marseilles
Give a fuck about a bitch, what that muthafucka say?
Who gives a shit, grab a bitch in the club
Show her love with a dub and them niggas hatin' 'cuz I

Smoke by myself, drink by myself
Fuck the' hoes by my goddamn self
For real by my goddamn self
For real by my goddamn self
Smoke by myself, drink by myself
Fuck the' hoes by my goddamn self
For real by my goddamn self
For real by my goddamn self
Smoke by myself, drink by myself, fuck by myself
'Cause I was born by my goddamn self
Fuck, run train that shit lame
I'd rather be one on one with a bitch gettin' brain
Too many heads on a blunt, nigga don't get high
I don't give a fuck, if ya got five
Every now and then you chip and you wanna get Henn
But you never got a twinny twin twin
Don't roll trees, hey man, shit, take it from me
You better hope ya get drunk from the Pepsi
Up, that's a beep, might be a freak [Incomprehensible]
I ain't taking nobody with me
I'ma ride by myself, get high by myself, get drunk by myself
Fuck this hoe by my goddamn self
'Cause don't nobody hold your own like your own
That's why we on our own 'cuz I'ma
Smoke by myself, drink by myself
Fuck the hoes by my goddamn self
For real by my goddamn self
For real by my goddamn self
Smoke by myself, drink by myself
Fuck the hoes by my goddamn self

For real by my goddamn self
For real by my goddamn self
Smoke by myself, drink by myself
Fuck the hoes by my goddamn self
For real by my goddamn self
For real by my goddamn self
Smoke by myself, drink by myself
Fuck the hoes by my goddamn self
For real by my goddamn self
For real by my goddamn self
See now when you do, what you do, how you do, what you do
When you do, what you do, nobody can tell on you
If you all by yourself
Say it, I don't need no friends, I don't need no foes
I'ma drink my Henn and choke all out the door
Now everybody said goodbye, get your hand that burns
[Incomprehensible] see ya ride, reverse, reverse
Bitch, reverse, reverse, bitch
20 hops this time [Incomprehensible]
Everybody, everybody, we just playin'
Everybody but me, Ying Yang Twins out for the 2001
Went down to the jukebox
