

# City of Dreams

## Smoke DZA

Ditch that crazy sand party  
Some Kennedy center flow  
Snack box from mama  
Anybody can get a flow  
And it don't matter what coast you're from  
How many niggers you've killed  
How much dope you slung  
Nigger thinking they can hang  
How much rope you brung?  
Bitch f\*\*k yo feelings like New York been soft  
Since another Calie nigger came and crushed the building  
Niggers squares like Sicilians, big William  
Hop in the whip like f\*\*k the ceiling hot  
Day and night on my cuddy shit  
Go ahead and buddy up  
Who you buddies with? You niggers want none of this New York, New York  
Big city of dreams  
New York, New York  
Big city of dreams  
New York, New York  
Big city of dreams  
New York, New York  
Big city of dreams I'm a dueler with a butcher work  
F\*\*k it I'm flawless  
Get my cookies from the...way  
No matter where I'm at  
It's 6-11 here regardless  
My niggers faze black....like a cookie cart  
Them people try to do blends like he took these Williams  
Shout out my family and the fair  
Shaking out that business  
Wait for my homies trying to stack they grams up  
This ain't for niggers with 11 pants  
They arguing bout who's real  
Bunch of niggers dressing like....  
Niggers with spray on biz that...  
That real shit back that you feel New York, New York  
Big city of dreams  
New York, New York

Big city of dreams  
New York, New York  
Big city of dreams  
New York, New York  
Big city of dreams I'm a swag rapper's worst nightmare  
Still at yo mama's house and you gonna stay yo a\*\* right there  
Done trying to take the bars  
It'll take you light years  
But you know I got the pug  
Could take a flight right there  
Everybody wanna dictate, dictate the same shit  
F\*\*k your opinion and you...  
The world outside the city and I'm doing my numbers  
Made chicken all 93 nights of the summer  
Sold out shows 20 cities a whiz  
20K people at night making noise for the kid  
Motherf\*\*ker's here to ride I a roof blow Atlanta  
And everywhere I g the mix know where I live New York, New York  
Big city of dreams  
New York, New York  
Big city of dreams  
New York, New York  
Big city of dreams  
New York, New York  
Big city of dreams
