Better Than This

Busted

The more I look the more I find it hard to see
I'm uncultured but I'm not quite sure what that means
Why bring me down and complicate?
You take my words but then you hear them a different way
The way you're talking leaves me not quite sure what to say
We're talking now but is it too late?
Who's listening now, why won't you?
Find me and show me, what do you want from me?
There's gotta be better than this
I don't wanna leave you but maybe I need to
There's gotta be better than this, oh
Oh, we'll never know
Do you remember when we talked for hours on end?
Just being stupid but at least we didn't pretend
Your smile helped me to find my way
Who's listening now, why won't you?

Find me and show me, what do you want from me?
There's gotta be better than this, ooh
I don't wanna leave you but maybe I need to
There's gotta be better than this, ooh
Oh, we'll never know
I'll dream this away
And come back another day
When I'm less afraid of it all
Find me and show me, what do you want from me?
There's gotta be better than this, oh
I don't wanna leave you but maybe I need to
There's gotta be better than this, oh
Oh, we'll never know
Oh, we'll never know
Oh, we'll never know
