Dark Days

The White Buffalo

Wipe the dust from my saddle
Like an old familiar friend
Life and time will pass you by
Don't worry 'bout the shit
That you can't mendWash the troubles from my mind
I know they'll never end
Futures looking brighter
We can always ride againMisfits, drunks and Philistines
I've been them all before
But I know that I don't
Want them anymore
Feel the sun cast my shadow
Growing bigger and brand new
Things to kill the hard times
What's it really matter to youI've had one constant in my life
The love of my woman
She's everything and in between
I hope she never goes awayHey...
Dark days behind me
Hope the good days don't blind meI was out of my mind out of my head
You blew in and showed me love instead
Desperately drowning
A puddle on the floor
You've made me a life worth living for
Misfits, drunks and Philistines
I've been all before
But I know that I don't
Need them anymoreHey...
Dark days behind me
Hope the good days don't blind me
