

Don't Make Me Wet

E-Rotic

Hey I just wanna have fun with you babe
Hey I just wanna feel happy today
Hey gimme gimme just all you can do babe
Whatever you want - just do it my way
Don't make me wet
Never never make love in the shower
Just make me hot
Gimme gimme good love in the sun
Just take me high
If you wanna be part of the power
You must wait in line
Don't make me wet
Never never make love in the ocean
Just keep it cool
Gimme gimme some fun in the pool
Oh you can try
Wanna wanna feel love and emotion
Just give me a sign
Hey you just wanna peep at my shirt babe
Hey you just wanna see me dry my hair
Hey gimme gimme just gimme the word babe
That you love me too - that you'll treat me fair
Say - that you'll never leave me
Say - that I'll be the one
Say - that you won't deceive me
Say we'll have just fun - just fun in the sun
