Fool (I Feel Bad for You)

[Medina](#)

I'm not giving in.
I still got the very best of me.
I gave you all I had
But I still got at least the rest of me, rest of me.Are you in or are you out?
Been up and down and now I think I'm done.
Ooh, I was really trying to be patient
But I suffocated here enough.Da-da-da-damn, I feel bad for you.
Damn, I really, really feel bad for you.
I should know you ain't changing
But I keep trying to save you.Da-da-da-damn, I feel bad for you.
All I really do is feel bad for you.
Boy, I know you're full of shit.
Fool, I know you're ain't changing.There's nothing I can do.
I don't need a hero screaming by.
Might be another cold night,
But I ain't waiting to be victimized.So tell me are you in or are you out.
Been up and down and now I think I'm done.
You know I'm really trying to be patient
But I suffocated here enough.Da-da-da-damn, I feel bad for you.
Damn, I really, really feel bad for you.
I should know you ain't changing
But I keep trying to save you.Da-da-da-damn, I feel bad for you.
All I really do is feel bad for you.
Boy, I know you're full of shit.
Fool, I know you ain't changing.
Fool, I know you ain't changing.
Foo-fool, I know you ain't changing.
Foo-fool, I know you ain't changing.
Foo-fool, I know you ain't changing.Da-da-da-damn, I feel bad for you.
Damn, I really, really feel bad for you.
I should know you ain't changing
But, but I keep trying to save you.And damn, I feel, feel bad for you.
All I really do is feel bad for you, you, you.
Boy, I know you're full of shit, yeah.
Fool, I know you ain't changing.
