No No No

The F-Ups

Won't you take it down
When you wanna get inside of me?
Won't you take it down
Down to the ground?I have to admit it's a tragedy
When you want a little sodomy
When you're done and you're riding me
Take it downNo, no, noI hate the words you say
When you wanna get inside of me
Please don't take it down
Down to the ground
