

In This World (Murder)

Good Charlotte

In this world all our sins are simple
We choose death over innocent life
And in this world, its not all the money thats evil
Its the ones, who choose it over life
And in my heart, I cannot believe in this murder
And I will not be fed by the lies
All the lives are created just to be murdered
Its murderNo matter how hard they try
And no matter how loud they cry
They cant, buy their way into Heaven
No matter how hard they try
And no matter, how high they climb up the ladder
They wont reach up into HeavenAnd they can't see, the innocent lives
The pointless sufferingAnd in my heart, I want to undo all this murder
And get back the innocent lives
Open cages and stop their luxurious murder
Its murderNo matter how hard they try
And no matter how loud they cry
They cant, buy their way into Heaven
No matter how hard they try
And no matter, how high they climb up the ladder
They wont reach up into HeavenMurder
Innocent life
Innocent
What have we done?No matter how hard they try
And no matter how loud they cry
They cant, buy their way into Heaven
No matter how hard they try
And no matter, how high they climb up the ladder
They wont reach up into HeavenNo matter how hard they try
And no matter how loud they cry
They cant, buy their way into heaven
No matter how hard they try
And no matter, how high they climb up the ladder
They wont reach up into Heaven, Heaven, Heaven
