Hello Amsterdam

American Music Club

Una paloma blancaHello Amsterdam my name is Fernando
Hello Amsterdam I bet you've seen my kind before
Another sad tourist with his eyes rolling in his head
Another sad tourist who never had a drink beforeHello Amsterdam you didn't like my Waterloo
Hello Amsterdam I wish I had something to offer you
Tail between my legs I creep back to the canal
All alone with my eyes rolling like the moonSuperstar, superstar, superstar
Superstar, superstar, superstarOnce was a white elephant that escaped from the zoo
Got to the big city and didn't know what to do
He said, "Everything is beautiful but my heart is too clean"
He didn't even like us when we played 'Dancing Queen'But hello Amsterdam don't I look cool in my white shirt
Hello Amsterdam don't I look hip in my red tie
We came from America so you could share in the pride
Guilt, greed and genocideSuperstar, superstar, superstar
Superstar, superstar, superstar
Superstar, superstar, superstar
Superstar, superstar, superstar
