

Tumblin' Down

Ziggy Marley & The Melody Makers

Here comes the eagle
Here comes the bear
And they're fighting to control
The lion dominion But the load gonna come tumblin' down
But the load gonna come tumblin' down
But the load gonna come tumblin' down
But the load gonna come tumblin' down Here comes synthetic food
And their big time money
And they want to control
Our body and soul
But the load gonna come tumblin' down
But the load gonna come tumblin' down
But the load gonna come tumblin' down
But the load gonna come tumblin' down Here comes the maker
To crush the oppressor
Well I bet you didn't know
It was mind over matter But the load gonna come tumblin' down
But the load gonna come tumblin' down
But the load gonna come tumblin' down
But the load gonna come tumblin' down Here comes the eagle
Here comes the bear
And they're fighting to control
The lion dominion
But the load gonna come tumblin' down
But the load gonna come tumblin' down (Jah, Jah know)
But the load gonna come tumblin' down (Jah, Jah know)
But the load gonna come tumblin' down
But the load gonna come tumblin' down
But the load gonna come tumblin' down
But the load gonna come tumblin' down
But the load gonna come tumblin' down
