

# Happy & Sad

[Kacey Musgraves](#)

It's not you, it's the glow of the party  
The way that you've got me lit up inside  
It's the song that they're playin', the words that you're sayin'  
It's never felt so right And I'm the kind of person who starts getting kinda nervous  
When I'm having the time of my life Is there a word for the way that I'm feeling tonight?  
Happy and sad at the same time  
You got me smiling with tears in my eyes  
I never felt so high  
No, I've never been this far off of the ground  
And they say everything that goes up must come down  
But I don't wanna come down  
So is there a way to stop all this thinkin', just keep on drinkin'?'  
'Cause I don't wanna wake up  
When they're turnin' the lights on and it turns out the joke's on me  
'Cause it feels so right And I'm the kind of person who starts getting kinda nervous  
When I'm having the time of my life Is there a word for the way that I'm feeling tonight?  
Happy and sad at the same time  
You got me smilin' with tears in my eyes  
I never felt so high  
No, I've never been this far off of the ground  
And they say everything that goes up must come down  
But I don't wanna come down I don't mind at all, no, I'm used to fallin'  
I'm comfortable when the sky is gray  
But when everything is perfect, I start hidin'  
'Cause I know that rain is comin' my way, my way  
'Cause I'm happy and sad at the same time  
You got me smilin' with tears in my eyes  
I never felt so high  
No, never been this far off of the ground  
And they say everything that goes up, goes up must come down  
And I don't wanna come down  
No, I don't wanna come down
