I Won't Pay For Liberty

Angelic Upstarts

So you, you can't live in peace so why, why should we.
War mongering everyday, it costs us to be free.
Living under clouds of hate that control our destiny.
I won't follow your rules of hate cause I'm fighting to be free.I won't pay for liberty, I think it should be free.
You always want to take so much, but you won't be taking me.
You won't be taking me.Are you gunna stand in line waiting for the time
waiting till your numbers up but you won't be hearing mine
'Cause I won't be a fool for you there's no way I'm happy to
'cause I know what your gunna tell me to do.I won't pay for liberty, I think it should be free.
You always want to take so much, but you won't be taking me.
You won't be taking me.Are you gunna stand in line waiting for the time
waiting till your numbers up but you won't be hearing mine
'Cause I won't be a fool for you there's no way gunna happen too
'cause I know what your gunna tell me to do.I won't pay for liberty, I think it should be free.
You always want to take so much, but you won't be taking me.
You won't be taking me.I won't pay for liberty, I think it should be free.
You always want to take so much, but you won't be taking me.
You won't be taking me.I won't pay for liberty, I think it should be free.
