

Shake for Me

Howlin' Wolf

Sure look good, but it don't mean a thing to me
Sure look good, but it don't mean a thing to me
I got a hip-shaking woman, shake like a willow tree You better wait baby, you got back a little too late
You better wait baby, you got back a little too late
I got a cool-shaking baby, shake like jello on a plate When my baby walk, you know she's fine and mellow
When my baby walk, you know she's fine and mellow
Every time she stops, her flesh it shake like Jello Oh, shake it baby, shake it for me
Oh, shake lil' baby, shake it for me
Oh, shake it little baby, shake like a willow tree
