Deluce

What I felt, wasn't wrong
Use to be afraid
To be this close to you
'Cause in my shadow I'm soothed
And what it took
To make it through
You wouldn't believe me
If I said it was true
'Cause in my shadow I'm proved
Faces move, shadows crawl
Ain't we the same
Underneath it all
'Cause in my shadow I'm sued
In my shadow I'm sued
Don't you try and make me feel real
In my shadow I'm sued
Don't you try and make me feel real
How I spell, free as strong
Use to be a muse
For hating everything
'Cause in my shadow I'm true
And what I took to give to you
You couldn't fake it
So you let me choose
'Cause a broken arrow takes two

Met a psychic
In the bathroom stall
She said paint your night until it falls
'Cause in my shadow in sued
In my shadow I'm sued
Don't you try and make me feel real
In my shadow I'm sued
Don't you try and make me feel real
Green is naked, teen obscene
Gloss is empty, when gleams
Roll the marbles, fake the team
Needles ripped and broke the seams
In my shadow I'm sued

Don't you try and make me feel real
In my shadow I'm sued
Don't you try and make me feel real
Don't you try and make me
Don't you try and make me
Don't you try and make me
Don't you try and make me
Don't you try and make me
Don't you try and make me
