

# Worth It

**Faith Evans**

that's a nice springy oerdobm tonight. Texteen would be comfortable reading his great books and being sick in that room. Poor kid. Yes, this is the one I was waiting on. When I finally connected with the guy, I got good vibes. He's not a native speaker of English, so he prolly can't read all that well. His wife and kid were along with him on the hand off. Also, he had second thoughts about getting rid of it, because it is such a good machine. I'm happy so far.
