

Angel City, California

Vintage Trouble

I'm living down in Angel City, California
Is where I found this soul I now call mine
And I'm strutting up the streets that I was born 'ta
I'm saying down in Angel City, I am I
Y'all all hear me
Down in Angel City, I am I So I was told
Never roll to Hollywood
"Hell no don't go"
Is what my people said What they say ain't real
You'll only be misunderstood
Your road will be mislead And there are silver lakes and boulevards
Sunsets and sidewalk stars
Down in Angel City, California
That's where I found this soul I now call mine
And I'm strutting up the streets that I was born 'ta
I'm saying down in Angel City, I am I
Y'all all hear me
Down in Angel City I am I I get high in it
I fly on the ride of it
Yeah Like night and day
Is how it is from what they say
What they put down's
Come over me Every corner turns
An old school lesson learned
And a new age fantasy And there are crystal mountain canyons
Nice view from where I'm standing
Down in Angel City, California
That's where I found this soul I now call mine
And I'm strutting up the streets that I was born 'ta
I'm saying down in Angel City, I am I
Y'all all hear me
Down in Angel City, I am I They say don't go
But they don't know
That I am I Hear me now
Blow your speakers out
I am I Down in Angel City
