

He Walks Like a Man

[Jody Miller](#)

Jody Miller - He Walks Like A Man
He walks like a man
And he talks like a man
He schemes like a man and whenever he can
He dreams like a man
But it's the little boy
It's the little boy in him I love
He's strong like a man
When he's wrong, he's a man
When he's right he's a man
'Cause he never ran
He'll pride like a man
But it's the little boy
It's the little boy in him I love
They say in every man
You'll find a little boy
And every now and then
When he's happy or blue
That little boy comes shining through
