

# all i ever wanted

## Brown Boy

Brown Boy, Finger Dally on the beat  
Lovely one, so radio, let's do it  
Can you feel it? I know you feel it  
I know you feel of that Let me talk to you, baby, I'm digging your style  
The way you lick your lips is like hmm, oww  
You driving me wild with your sexy self  
Your pretty little face got me hypnotized All I wanna know, is you down to ride  
I can open up the door and you could come inside  
I could show you what life could be  
I could show you it's just you and me We can go to the mall, you can have it all  
I can tell you're impress by the way I ball  
One shot with you and I will trade it all  
The girls in the shows, I talk about everything Your touch is a beautiful thing  
We can shine together like a diamond ring  
I've been waiting for a girl like you  
To come into my life and make my dreams come true All I ever wanted was a girl like you  
Someone I can give my heart to  
All I ever needed was someone like you  
Someone I can give my heart to [Incomprehensible] papi, if I put you to the test  
Would you differ from the rest  
Or you wanna be my homey that owns me  
And holds owns me only when you lonely, lonely ? I'll inform you when I'm looking for a friend  
Until then, I need a man to take a stand  
Hold my hand, I'm just scared of situation, temptations  
No hesitation when it comes to us I got it with single touch  
Doesn't take much, so baby, just hush  
Trust, everything's gonna be okay  
If you do it my way, my way Hey, you wanna be with me  
I'll fulfill all your fantasies, be the girl of your dreams  
Holding you tight all through the night  
You'll even love when we fight All I ever wanted was a girl like you  
Someone I can give my heart to  
All I ever needed was someone like you  
Someone I can give my heart to We can do them things that lovers do  
Or we can be friends and keep it cool Go ahead, baby with yo' bad self  
Looking all fine, lollipop in your mouth  
Standing on the curve with yo' bad ass curve  
One look, whoa and I had to observe I let my eyes finesse you, my mind caress you  
Booty like a tenderoni

If I could make you mine, you'll be my one and only  
You make me say oh like Mister Capone Just one look is all it took  
Got me lost in your eyes  
And you mesmerized by my lips  
Hips and thighs, oh my, oh my I'm riding by your side, high  
Taking my time when I'm working that body  
So [Incomprehensible] got you talking naughty  
Oh yeah, can you feel it? Oh yeah All I ever wanted was a girl like you  
Someone I can give my heart to  
All I ever needed was someone like you  
Someone I can give my heart to Can you feel it? I know you feel it  
I know you feel of that
