

# On My Way (Leeyou & Danceey Remix)

## Cardiknox

I've been all alone  
I'm skipping stones into the sea  
I have been so lost that time has caught up to me  
I wanna glow from chemicals  
My tongue still misses the taste  
I'm gonna face all of my mistakes  
This time I'm on my way I'm seeing things so differently  
I'm learning that I'm not where I want to be  
But trust me, I'm on my way, on my way  
And I'm not gonna stop, gonna stop, gonna stop  
I'm driving through the night with the tank on empty  
I'm not gonna stop, gonna stop, gonna stop  
I don't know where I'm going, but this road will take me  
I'm staring at the stars, I got miles ahead  
I feel the fire burning but I'm not there yet  
And I'm not gonna stop, gonna stop, gonna stop  
And nothing's gonna get in my way Lights blur through the glass  
I'm on my last chance out of town  
I'm tied up in knots, the engine stops, I'm coming down I'm seeing things so differently  
I'm learning that I'm not where I want to be  
But trust me, I'm on my way, on my way  
And I'm not gonna stop, gonna stop, gonna stop  
I'm driving through the night with the tank on empty  
I'm not gonna stop, gonna stop, gonna stop  
I don't know where I'm going, but this road will take me  
I'm staring at the stars that are miles ahead  
I feel the fire burning but I'm not there yet  
And I'm not gonna stop, gonna stop, gonna stop  
And nothing's gonna get in my way And I'm not gonna stop, gonna stop, gonna stop  
I'm driving through the night with the tank on empty  
I'm not gonna stop, gonna stop, gonna stop  
I don't know where I'm going, but this road will take me  
I'm staring at the stars that are miles ahead  
I feel the fire burning but I'm not there yet  
And I'm not gonna stop, gonna stop, gonna stop  
And nothing's gonna get in my way
