Catholic Despot

Kreator

Catholics dictator
Swine without compasion
No respect for others life
Godsent corrupt saint
Rampant, organized crime of the cross
Rituals justified ways to express
The oldest life in support of the
Heartless motherfucker
Sympathy theres none
You immoralize prevention
Abortion is not a sin
Heaven none of youll ever be saved
Awareness drown in devotion
Follow the rules
Dig your own grave
Murderer under the cross
Profits ways dont leave no
Open your eyes the messiah
Will never come (your fuckin messiah)
Youre willing the poor
There is no justice
There is no law
Theres no messiah
There is no saviour, there is no god
The truth you teach it aint
No truth to me
The things you see are not
The things that I see
