Goodbye to You

Ben Harper & The Innocent Criminals

I wake up feeling like I've aged a year
'Cause I go to sleep in fear of the dawn
Head full of dreams unclear
Make the days seem twice as longAfter all we've been through
I don't know how to say goodbye to youPassed by where we used to go
Where I now go alone
Everything we had to brave
I'm left here to face on my ownMaybe tomorrow I can start anew
I don't know how to say goodbye to youShattered and chained to our past
Battered and too proud to ask
Walked a razor's edge poisoned by degrees
Create each other's voids fill each other's needsMy options are plenty
But my choices are few
I don't know how to say goodbye to you
