Angel On Fire

Halsey

[Verse 1]
I woke up to another mess in the living room
Broken bottles all around my feet
They came again in the night under crescent moon
Didn't wake me in my sleep[Pre-Chorus]
'Cause they talk and drink and laugh 'bout things
And fall in love in my backyard
I hide and cower in the corner
Conversation's getting hard
'Cause nobody seems to ask about me anymore
And nobody seems to care 'bout anything I think
And nobody seems to recognize me in the crowd
In the background screaming, "Everybody, look at me"[Chorus]
And I'm faded away, you know, I used to be on fire
And I'm faded away, you know, I used to be on fire
I'm standing in the ashes of who I used to be
And I'm faded away, you know, I used to be on fire
You know, I used to be on fire
You know, I used to be on fire, fire[Verse 2]
I used to be a darling starlet like a centerpiece
Had the whole world wrapped around my ring
I flew too closely to the sun that's setting in the East
And now I'm melting from my wings[Pre-Chorus]
'Cause they talk and drink and laugh 'bout things
And fall in love in my backyard
I hide and cower in the corner
Conversation's getting hard
'Cause nobody seems to ask about me anymore
And nobody seems to care 'bout anything I think
And nobody seems to recognize me in the crowd
In the background screaming, "Everybody, look at me"[Chorus]
And I'm faded away, you know, I used to be on fire
And I'm faded away, you know, I used to be on fire
I'm standing in the ashes of who I used to be
And I'm faded away, you know, I used to be on fire
You know, I used to be on fire
You know, I used to be on fire
Well, I used to be on fire
You know, I used to be on fire[Outro]

You know, I used to be on fire
You know, I used to be on fire, fire
