

# Intro (Back to Basics)

## Christina Aguilera

A very pleasant good evening, ladies and gentlemen  
It is now time, the one and only  
There never will be another, Christina Aguilera  
Thats how music should soundI've waited for some time to get inside the minds  
Of every legend Ive ever wanted to stand beside  
Its like an endless ride, feeling the lows and highs  
Of every lyric and melody, every single rhymeSo here I stand today in tribute I do pay  
To those before me who laid it down and paved the way  
And so to God I pray that He will give me strength  
To carry forward the gift of song in His good faith, in His good faithIm going back to basics  
To where it all began  
Im ready now to face it  
I wanna understandWhat made the, the soul singers and the blues figures  
And that inspired a higher generation  
The jazz makers and the ground-breakers  
They gave so much of themselves in dedicationSo here I stand today in tribute I do pay  
To those before me who laid it down and paved the way
