

# Dragontown

Alice Cooper

Well here you are  
Lying bleeding on a grimy street  
See the broken glass  
Sparkling darkly as it cuts your feet  
Smell the rotting stench  
The rancid odor of old Cantonese  
Feel the toxic flames all around you  
You can hardly breathe come with me  
Come on, I've got something to show you  
Come on, you thought that it was over  
Come on, you're really gonna love this  
Come on, come on, come on, come on, come on  
We can dig you a home deep in the ground  
Bury your soul down in Dragontown  
We'll be lower than low spiraling down  
Far as you wanna go down in Dragontown  
Open any door  
Remember everyone you meet before  
Oh there's a wicked young man  
Cooking slowly in a frying pan  
And a family of bones  
Hung back together, sleeping all alone  
Then there's Alice dear  
And all the little things that got in here, now you're here  
Come on, I've got something to show you  
Come on, you thought that it was over  
Come on, you're really gonna love this  
Come on, come on, come on, come on, come on  
We can dig you a home deep in the ground  
Bury your soul down in Dragontown  
We'll be lower than low spiraling down  
Far as you wanna go down in Dragontown  
We can dig you a home deep in the ground  
Bury your soul down in Dragontown  
We'll be lower than low spiraling down  
Far as you wanna go down in Dragontown  
We can dig you a home deep in the ground  
Bury your soul down in Dragontown  
We'll be lower than low spiraling down

Far as you wanna go down in Dragontown
