

# When the Sun Drank the Weight of Water

## Demilich

War of elements Water against the Sun The Sun leading a battle of the war  
that will never be done Sucking the weight of water Bringing its weakness  
back Now possessing an important weapon The weight that all molecules lack  
The water gets up to the sky People flying as wind goes by The seeds of  
their hate Never die, everything's too late The earth will be gone All  
because of the rage of the Sun
